UKForex USA). Their customers are free to transfer to and from the USA.

Until they move completely to their new global branding, [OFX.com](#). you will need to register through their country specific brand name. For example, if you reside in the USA you should register with [USForex](#). In the UK? [UKForex](#) etc etc. If you are a US citizen but reside in Australia, you should register through [OzForex / OFX](#). If you don't reside in any of those countries feel free to signup with [OzForex / OFX](#).

Question what is the connection btw these remittances and Paradise Papers? And R_d Ro_enstein?
