“I’m joining you today from the deck of what will be our Nation’s newest aircraft carrier, the soon-to-be commissioned Gerald R. Ford, and as you can see, I’m wearing a jacket and a hat that they just gave me. Not really used

to it, but it feels awfully good – I’m very proud of it actually...On Tuesday, before a Joint Session [of] Congress, I laid out a vision – I hope you all watched – for how to accomplish that national rebuilding. My vision includes the elimination of the >>defense sequester<<, which has imposed steep cuts on our military.” POTUS 3/3/2017

Executive Order 6713A— A prelude to the repeal of prohibition in 1933 (See oder below). Possibly refers to JS re-enforcing on 1/4/2018 that marijuana sell/use still falls under Federal prevue (read: by Federal Law= illegal); possibly setting the stage for federal regulation on MJ dispensaries and Federal Taxation; diminishing the boon of State Taxes the ‘Sanctuary State’ Cali, and others, would receive:

www.failingnytimes.com/2018/01/04/us/politics/marijuana-legalization-justice-department-prosecutions.html

'You might think the repeal of **Prohibition** was about making alcohol legal again, of course that was a part of it but as you read between the lines, it was really about >>regaining the lost tax revenue<< that went the way of the dinosaur for 13 long, dark years. It's estimated that Prohibition cost the U.S. Government \$13 billion. People never really stopped making and drinking booze, they simply moved it from Main Street to the back streets and back roads of the country. The role of the retailers and distributors shifted to bootleggers and mobsters.'
