

# CONSTRUCTIVE NOTICE AND REQUIREMENT TO PERFORM

***KNOW ALL MEN BY THESE PRESENTS*** that John Sidney McCain (JSM), currently, as of 1<sup>st</sup> January 2018, a Senator in the U.S. Senate, is a traitor to his country, his Office and to the people that elected him.

We believe that a sealed indictment has been filed and a tracking device placed upon his ankle. This is the reason why he has been wearing a surgical boot for so long – to hide it.

It seems that JSM's trip to the Mayo clinic had less to do with a supposed 'brain tumor', but more an excuse to use later to avoid facing a military court where he would have to answer for his crimes against his country and the people of America.

What are some of these crimes that are mentioned here? To name a few:

- a) Funding ISIS through his foundation.
- b) Inciting hatred against the Iranian nation via his position as a member of the US 'government'.

c) Wire fraud for accepting donations to his foundation for purposes other than what he has stated.

d) The funding of fake ISIS snuff films where ‘Americans’ (CIA actors?) are depicted being ‘beheaded’ by ISIS soldiers but which is actually done in a studio with green screen technology and special effects.

Let us also not forget that JSM is directly responsible for the deaths of 134 sailors, and seriously injured another 161, on the USS Forrestal on the 29th July 1967.

This was due to JSM doing a ‘wet start’ of his aircraft’s engine as an attention-getting stunt. This and the large subsequent electrical surge and apparent (incorrect and against policy) weapon arming (by JSM) caused the

launching of a powerful Zuni rocket across the carrier's deck hitting other parked planes (photo below) that were packing 1,000 high-explosive pound bombs. The subsequent massive explosions, fire and destruction went several decks below and nearly sunk this major 82,000 ton U.S. aircraft carrier.

The Navy subsequently covered up this incident because JSM's father was an Admiral at the time of the incident and was able to pull the strings to make this incident 'disappear'. This is not only a crime, but also an insult to the families of those who were injured or died. It has also tarnished the reputation of the Navy itself.

When one rewards such an individual (by covering up the crime, and then allowing him to become a Senator) you get the sort of disgusting behavior that is the hallmark of an anti-social personality.

An individual like JSM cannot be allowed to remain unpunished without public accountability. That means that those who continue this cover-up should be considered just

as guilty of the crimes as JSM himself. There should no longer be this silence from our elected officials out of fear of the public ‘rioting’ or ‘panicking’.

People in general are not stupid, despite how many in government assume this

We are a forgiving people, more so than all the people in government put together. All we want is the truth and those that have done harm to the country and their office to be punished in the same way ‘normal’ people would be.

It is therefore demanded that as a point of *National Security* that John Sidney McCain be made a public example of for all the crimes he has committed while in the service of his country, which must include the Navy coming clean publicly about what occurred on the USS Forrestal on 29th July 1967.

It is also demanded that all 161 families be properly compensated for their injuries and losses, directly from JSM’s own pocket, as we know he has enough money to do this. I doubt this will happen but is placed here on the record as a point of correcting a wrong that has been perpetrated on these families.

This notice is directed at those who are cleaning up the swamp.

It is erroneous to think that people would react negatively to officials being removed from office for crimes we know they committed. People will only react negatively if the truth continues to be withheld or substituted with a

comforting lie (such as ‘health issues’). As has been mentioned, people are not stupid and will react positively to proper disclosure of criminal activity and perverse behavior. People are more resilient than you think and will respond in a very positive way to officials/the government treating them with respect.

Govern yourselves accordingly.
